

**Announcing New Chambersburg, PA Terminal to Service West Coast
and Replace Harrisburg, PA**

Dear Valued Customer,

CSX has announced their new state-of-the-art intermodal terminal in Chambersburg, PA is now ready to accept business to and from all West Coast ramps.

Effective December 23, 2007, West Coast service to Chambersburg begins, and effective January 2, 2008, Chambersburg service to the West Coast will begin. All empty containers must be terminated at the Chambersburg ramp beginning January 2, 2008. Billing submitted on and after these dates should reflect the new routing.

The new Chambersburg terminal will replace current service between West Coast ramps and Harrisburg, PA and is expected to significantly improve transit into and out of Southeast Pennsylvania.

Pacer Stacktrain will release additional information as it becomes available.
