

Announcing 53' 110" Service on the BNSF To Phoenix, AZ, Effective May 5, 2008

Dear Valued Customer,

In our ongoing efforts to better serve you, Pacer Stacktrain is continuing to add new service origins and destinations on the BNSF rail network. We are pleased to announce that effective May 5, 2008, we will be offering service into Phoenix, AZ. At this time, we will not be offering service out of Phoenix. This COFC service is for 53' 110" equipment only. (53' 107" and 48' equipment will not be supported). Should the incorrect size of equipment be utilized, the customer will be responsible to cover additional charges such as: draying in a 53' 107 chassis, flips, transloading into 53' 110" equipment prior to shipment, etc. Ramp-to-ramp pricing, cut-offs and arrival day and time are provided below. Since there are minimal reload opportunities out of Phoenix, these rates already include an empty repo to LA charge. Empty containers are to be returned to the BNSF ramp.

<u>Origin Ramp</u>	<u>Destination Ramp</u>	<u>53' Rate</u>	<u>Cut-off Time</u>	<u>Available Day</u>	<u>Available Time</u>
