

Lathrop, CA Embargo Cancelled – Change Billing on Currently In-gated Loads to Reflect Lathrop

Dear Valued Customer,

Effective immediately, the Lathrop, CA embargo is cancelled. All lanes are now open and available for service. Volume currently moving in the pipeline will continue to move as billed.

All big box volume currently in-gated at Global 1 in Chicago, or originating from the Northeast and billed to Oakland, will now need to have the billing changed to reflect Lathrop.

Thank you for your patience during this difficult time and as always we appreciate your business.
