

Cancellation of 48' Service for PNW and Mexico

Dear Valued Customer,

Pacer Stacktrain will cancel the use of 48' equipment in the Pacific Northwest (PNW) and Mexican markets (interior points in Mexico as well as Laredo and El Paso, TX). We will continue to offer 53' equipment for Third Party Domestic (TPD) and Automotive customers in these markets.

Effective March 14, 2008 we will cancel 48' service from all origins that are moving westbound into the PNW and southbound to Mexico, Laredo or El Paso, TX . Effective April 1, 2008 we will cancel 48' service to all destinations eastbound out of the PNW and northbound out of Mexico, Laredo or El Paso, TX.

These cancellations of 48' service are the result of our continuing efforts to rationalize our container fleet around 53' equipment. We apologize for any inconvenience this may cause.

If you have any questions regarding this notice, please feel free to contact your Pacer Stacktrain Business Development representative or our Customer Support Group.

Customer Support:

Eastern Region: (800) 876-7281
Western Region: (800) 933-7822
Mexico: (866) 420-2290
