

Changes to Pacer Stacktrain Container Yard in Justin, TX Effective Immediately

Dear Valued Customer,

In order to more closely manage the equipment dispatch out of our Lighthouse container yard (CY) in Justin, TX, effective immediately, this yard can accommodate empty Terminations only from BNSF rail ramps. It is important to remember this CY can only be used for Pacer Stacktrain's 53' units. All 48s and empties generated from Union Pacific moves must be terminated at our Pacer CY in Dallas, WW Rowland.

If you have any questions, please contact your Business Development Representative, or our Equipment Reservations Customer Support: U.S. & Canada: 877-816-1810

We appreciate your business.
