

PACER STACKTRAIN

NEWS ALERT

January 10, 2001
Electronic Bulletin No. 142

Revision To UPRR Chicago, IL to Oakland, CA Premium Intermodal Train Service

To our valued Stacktrain customers:

Union Pacific Railroad has revised operation of its Premium Intermodal train, known as the "Chosen One", between Northern California and Chicago.

Effective immediately, Pacer Stacktrain ID's (OACX and CHOX) respectively have been abolished and will no longer operate to or from Oakland, California.

Trains will now be identified as (LTCX and CSLX) and will operate between Lathrop and Chicago only.

This revision was the result of insufficient Premium volume to operate the trains to and from Oakland.

Please advise all appropriate personnel of this announcement. If you have any questions regarding this matter, contact you local Customer Support or Sales Representative for Pacer Stacktrain.

Thank you for choosing Pacer Stacktrain.
