Damaged/Lost /Stolen Equipment Reinstatement Policy

To our valued Pacer Stacktrain customers and truckers:

In an effort to control the significant administrative expenses related to the termination and the reinstatement of a lease for destroyed, lost or stolen equipment, Pacer Stacktrain has instituted the following Equipment Reinstatement Policy.

Effective immediately, there will be a \$500.00 reinstatement fee issued to the responsible Motor Carrier for any equipment returned fourteen (14) or more days after the invoice date for the depreciated value of equipment. This fee will <u>only</u> be issued for equipment returned fourteen (14) or more days after being invoiced for the depreciated value.

Equipment to be reinstated will be subjected to a full survey before it is accepted back into Pacer's possession. The cost of the survey is included in the \$500.00 reinstatement fee. Any additional repair charges to bring the equipment back up to acceptable standards will be the sole responsibility of the Motor Carrier.

Please contact the appropriate Regional Equipment Manager to setup a redelivery location and survey.

Region	Name	Phone Number	e-mail
Central	Mike Compagno	(630) 645-5353	mike_compagno@pacerstack.com
Eastern	Robin Harty	(973) 465-5929	robin_harty@pacerstack.com
Southern	Mike Howie	(770) 395-8201	mike_howie@pacerstack.com
Western	Dale Tedford	(714) 429-7175	dale_tedford@pacerstack.com

An invoice for the depreciated value of equipment may be issued for:

- Damage exceeding the value of the equipment (destroyed equipment)
- Equipment reported as lost or stolen
- Carrier is unable to provide whereabouts of the equipment

Pacer Stacktrain is committed to treating all of our trucking partners in a fair and responsible manner, and expect the same in return. Pacer Stacktrain operates under the terms and conditions governed in section-IV of the UIIA Interchange Agreement in relation to Lost, Stolen or Destroyed Equipment.
