Union Pacific Haz-Mat Surcharge Update

Union Pacific Railroad Intermodal group bulletin No. 2001-37, transmitted April 24, 2001, indicated Union Pacific would delay implementation of an \$80.00 surcharge on all international shipments of hazardous material. The new effective date of implementation of the surcharge will be June 15, 2001.

Pacer Stacktrain will implement this \$80.00 surcharge effective June 15, 2001 as well. The surcharge will apply to all international shipments of hazardous materials, applying on TOFC/COFC shipments, governed by the Department of Transportation's Hazardous Materials regulations, 49 C.F.R, and UP Exempt Circular 20. This \$80.00 surcharge will apply to all intermodal equipment types and sizes, with the exception of tank containers.

The per shipment haz-mat surcharge will be assessed in addition to all applicable freight charges and will appear as a separate line item in invoices sent to our customers.

Please contact your Pacer Stacktrain business representative with any questions regarding this haz-mat surcharge.
