NEW ADDITION TO PACER STACKTRAIN WEB SITE

Pacer Stacktrain is excited to announce that we have added a new page to our web site. It is the Equipment Location Report. You can find it by going to www.pacerstack.com referring to the “Service” tab at the top and proceeding to the “Equipment” heading.

In the past this has been known as the Surplus Deficit Report which was faxed or emailed to you. Pacer Stacktrain hopes this will prove to be a more efficient manner in which to provide you this information.

Should you have any questions regarding this new site please contact your Customer Support Representative.
