Changes to Oakland, CA Equipment Reservations

Effective Monday, February 18th 2002 Pacer Stacktrain will implement a new reservation process for all 48'/53' empty equipment in Oakland, CA. All empty dispatch duties currently handled by Oakland will be transferred to the Southern California Logistics group. In order to handle the calls effectively Pacer Stacktrain will provide a "Reservations" phone number dedicated to equipment dispatch for the Oakland, CA. This toll free number will also be used for reserving equipment in Los Angeles. With the exception of the "New" Reservations line, all equipment dispatch processes in Southern California and Oakland will for the most part remain the same. Requests for equipment must come directly from the IMC. No reservations will be accepted from trucking companies. Releases will be issued for the same day or following day and valid until the close of business on that day only.

Containers not picked up will be re-assigned once the release has expired.
