PACER STACKTRAIN TO IMPLEMENT NORTHBOUND SELECTIVE RATE INCREASE

Effective Sunday August 18, 2002, Pacer Stacktrain will be implementing a Selective Northbound Rate Increase on domestic PSQ's (Pacer Special Quotes), covering shipments with ramp origins in Mexico as well as the U.S. border cities of Laredo, and El Paso, TX. The amount of the increase will depend on the lane, container size and specific PSQ. The specific increase amounts for each PSQ affected will be provided to the PSQ holders by July 19, 2002.

All PSQ's established before July 10, 2002 will be subject to this increase. PSQ's that have been established in conjunction with a Letter of Agreement or have date defined rate commitments, will not be subject to this increase.

Please make note of this information and inform those in your organization that need to know. If you have any questions regarding this announcement please contact your Pacer Stacktrain Business Development Representative.
