Pacer Stacktrain Stackfacts Announcement

## Ohio Valley Updates

### *Cincinnati Incentive Cancellation*

Columbus Container Yard Reopening

Please be advised that effective immediately, the 48'/53' pick up incentive that has been in place from our Cincinnati, Ohio container yard is discontinued. Pacer Stacktrain appreciates the effort and assistance for those customers that took advantage of this opportunity.

Additionally, effective July 29, 2002 we will temporarily reopen our Columbus, OH Container Yard for the acceptance of empty 48' and 53' equipment. If we foresee a drain of chassis from Chicago to Ohio in the future we will consider re-closure of the Columbus yard as it pertains to accepting empties or other actions to ensure chassis drain from Chicago is minimized.

If questions, please contact your Pacer Stacktrain Business Development Representative.
