## PACER STACKTRAIN

**News Alert**

### **Changes to Sacramento and Stockton, CA Equipment Reservations**

Effective Monday, August 12, 2002 Pacer Stacktrain will implement a new reservation process for all 48'/53' empty equipment in Sacramento and Stockton, CA. All empty dispatch duties currently handled by these locations will be transferred to the Southern California Logistics group. In order to handle the calls effectively Pacer Stacktrain will provide a "Reservations" phone number dedicated to equipment dispatch for Northern California. This toll free number may also be used for reserving equipment in Los Angeles.

Requests for equipment must come directly from the IMC. Reservations will be not accepted from trucking companies. Releases will be issued for the same day or following day and valid until the close of business on that day only.

Containers not picked up will be re-assigned once the release has expired.

**California Equipment Release Hours**  
Monday thru Friday 7:00 a.m. to 5:00 p.m. (Pacific)

**New Equipment Reservation "Hotline" (California Equipment Only)**  
**(866) 619-0962**

For information on current equipment supply in California and all other locations please refer to the "Equipment Location Report" on our web site at [www.Pacerstack.com](http://www.Pacerstack.com)
