

PACER STACKTRAIN

NEWS ALERT

October 3, 2002
Electronic Bulletin No. 339

Dear Valued Customer,

Due to the ongoing West Coast work stoppage and CY capacity constraints, Pacer Stacktrain has made some changes to the turn in locations for empty APL 20', 40' and 45' equipment used for westbound Domestic loads.

No change has been made for empty Pacer Stacktrain 48' and 53' equipment.

Please be advised of the new empty turn in locations when using an APL ISO 20', 40' and 45' for domestic loads.
