RE: New Telephone Numbers for South Kearny facility

On Monday, 12/16/02, Pacer Stacktrain's South Kearny facility will migrate over to a new telephone service provider. The new contact telephone numbers will be gradually phased in during the course of the day. The old telephone numbers (973-465-XXXX) will be selectively discontinued while the migration to the new numbers takes affect. The migration is expected to be completed by the end of the day. We may experience intermittent telephone service outages during this migration and apologize for any inconvenience this might cause.

Please see phone numbers below:
