RE: New Intra Mexico Pacer Service

---

Pacer Stacktrain, the largest Intermodal carrier serving the Mexico marketplace, is pleased to announce the initiation of its new PacerMex service providing intermodal delivery between Laredo, Texas and Mexico City, Mexico.

The PacerMex service was specifically designed to enable our customers to provide door-to-door delivery from warehouse, cross-dock, manufacturing and distribution facilities in the greater Laredo area to Mexico City.

PacerMex services includes:

- Consistent and reliable, ramp-to-ramp, doublestack haulage between Nuevo Laredo, Mexico and Mexico City, Mexico.
  - Southbound - 3rd Day 0600 availability; Tuesday-Saturday hrs cut-off.
  - Northbound - 3rd Day 1200 availability; Tuesday-Saturday departures;

Monday-Saturday 2000 hrs cut-off.

- Dedicated fleet of 48ft containers and chassis.
- Empty container repositioning from Nuevo Laredo ramp to shipper locations in Laredo, TX.

PacerMex ramp-to-ramp rates between Nuevo Laredo and Mexico City are:

- Southbound: US\$820 per 48ft loaded container.
- Northbound: US\$300 per 48ft loaded container.

IMC's, shippers, and brokers are responsible for coordinating Customs clearance at the Laredo border crossing and arranging origin/destination drayage.
