RE: Update on Memphis Storm Warning

Updating our Stack Facts yesterday regarding closings in Memphis due storm damage... Our Delta Depot CY in Memphis re-opened this morning at 07:00. Please be advised they do not yet have access to the Pacer-APL mainframe system so a manual process to confirm reservations will slow down the overall turn time at the CY gates. The situation will improve as the above issues are fixed. Please make your truckers aware of the situation.

Again, thank you for your patience.
