Re: Way Bill # Enhancement to Pacer Website

Dear Valued Customer:

We are pleased to announce an enhancement to our website that will provide customers with the option to obtain your rail billing status. This addition to our website will provide immediate confirmation that your rail billing has been received, and help minimize driver delays at in-gate.

Log on to www.pacerstack.com (**user id is required**) and click on "Shipment Tracking". You can enter up to eight containers at a time. Click on track to view your shipment tracking and tracing information. The waybill number will be displayed to the right of the container number.

If you encounter any problems, please contact the Memphis Billing Center or Customer Support.

We appreciate your continued support.
