**Electronic Bulletin No. 522**  
**Re: Changes to CNRR and US Customs Requirements**

---

Dear Valued Customer:

Please be advised of the following changes for shipments moving from Canada to the US:

Effective July 12, US Customs and Border Protection (CBP) will begin full enforcement of the requirements of advanced electronic cargo information for rail shipments imported to the United States, as mandated by the US Trade Act of 2002.

To ensure continued smooth transborder operations, shippers must provide full transborder shipment information to Pacer Stacktrain as listed below. This information must be submitted via EDI Billing.

**Critical Transborder Data Requirements**

1. Equipment initial/number
2. Actual shipper name, address, city, province/state
3. Final consignee, address, city, province/state
4. Importer name, address, city, province/state
5. Customs Broker
6. Total number of pieces and package type (needs to be exact and >1)
7. Complete and accurate description of goods
8. Total weight and unit of measure
9. Invoice value and currency (If the goods are being cleared at the border, this is not required. If moving in bond, the information must be provided)
10. Country of origin of the goods
11. Complete route
12. Seal numbers (If the goods are being cleared at the border, this is not required. If moving in bond, the information must be provided)

Please be aware that shipments that lack full information will not be allowed to ingate at the rail ramp.

Please communicate this announcement to all appropriate parties within your organizations, customers and dray carriers, and direct any inquiries to your Customer Support Representative. Thank you.
