Re: Restricted and Prohibited Commodities Reminder

Dear Valued Customer:

We want to take this opportunity to reaffirm to you and your customers the following important safety rules that apply when using the Pacer Stacktrain Intermodal Network:

- 1) Commodities must be properly declared.** This is not only a Pacer Stacktrain Requirement; federal and state laws including the Federal Intermodal Safe Container Act are explicit on this requirement as well.
- 2) Shipment weights should be exact and not estimated.** This is also a requirement of the Federal Intermodal Safe Container Act.
- 3) Shipments should be blocked and braced** inside containers in accordance with current federal and state laws and industry guidelines.
- 4) Certain commodities are prohibited or restricted** on the Pacer Stacktrain Network as well as on the underlying rail carrier network.
 - Prohibited commodities will not be accommodated on the network.
 - Restricted commodities are subject to special rate arrangements and inspection prior to departure to insure safe movement across the network.

Please refer to our Service Directory available at www.pacerstack.com and to the underlying rail carrier intermodal circulars for a complete listing of policies around restricted and prohibited commodities.

Prohibited Commodities include but are not limited to:

- Hazardous waste, explosives and corrosive materials
- Coiled Metal Products of any kind except for metal banding
- Weapons, munitions, explosives, bombs, or similar items

Restricted Commodities include but are not limited to:

- Scrap metal, used machinery and cigarettes
- Spooled or reeled products subject to weight limitations such as cable
- Dense metal items subject to weight limitations (iron, steel, etc.)

5) Before tendering any restricted commodities for transportation, you should obtain a special rate for the shipment, inquire about any special requirements and communicate these requirements to your customer.

Pacer Stacktrain is committed to the safety of our network. We appreciate your cooperation and support in our shared responsibility to delivering on this commitment to safety.

Any questions should be directed to your local Pacer Stacktrain Sales or Customer Service Representative.

We appreciate your business.

This communication may contain promotional information from Pacer Stacktrain. We have sent this communication to you because you previously expressed interest in receiving these communications from Pacer Stacktrain. If you do not wish to receive this particular communication in the future, please reply to this message and type "REMOVE ME" in your subject line. Pacer Stacktrain maintains its corporate headquarters at 2300 Clayton Road, Suite 1200, Concord, CA 94520.
