**RE: Chicago-Ohio Valley Cross-Over Discontinued**

To Our Valued Customers,

Due to the continued migration of chassis from Chicago to both Columbus and Cleveland, Pacer Stacktrain must temporarily discontinue accepting empty terminations (48/53's) in Columbus and Cleveland that have Chicago origin chassis.

As of May 25th, any empty equipment terminated in Columbus or Cleveland (with Chicago wheels) will be rejected at the time of ingate.

Pacer Stacktrain is committed to servicing your needs in the Chicago area; and that commitment requires that Chicago-originated equipment be returned in Chicago. As soon as the current equipment imbalance has subsided, we will reevaluate accepting Chicago empties in Ohio locations.

On a related note, we continue to be surplus equipment in Columbus on both 48's and 53's. So we are highly motivated to offer exceptional service and pricing for westbound loads from Columbus and Cleveland ramping over Chicago. Please contact Business Development, Pricing or Equipment Reservations for more information on specific opportunities.

We appreciate your business.
