Re: Service Schedule Change – CDY to Southeast

Dear Valued Customer:

Effective immediately, the UPRR will decrease the frequency of their service in the City of Industry CA to Southeast trains. The UPRR train (symbol KCIAT) will decrease from the current published schedule of 6 days per week down to 4 days per week.

The following trains will now operate from City of Industry to the Southeast:

CIAL31-	Monday cutoff	/	Tuesday morning depart
CIAL51-	Wednesday cutoff	/	Thursday morning depart
CIAL61-	Thursday cutoff	/	Friday morning depart
CIAL71-	Friday cutoff	/	Saturday morning depart

The following trains will NOT operate any longer:

CIAL21-	Sunday cutoff	/	Monday depart
CIAL41-	Tuesday cutoff	/	Wednesday depart

This is an attempt to improve service by formalizing a service level that has been in effect for the past several weeks. An improvement in service should be realized because we will operate a higher frequency of trains overall in this lane.

We appreciate your business.
