Electronic Bulletin No. 677

Re: Gate Reservation Change and New Lane Announcement

Dear Valued Customer:

This announcement is to advise you of new lanes requiring Gate Reservations, as well as procedure changes in existing lanes.

The Union Pacific has recently announced the next lanes to be covered in the continued expansion of their Gate Reservation System. Beginning on **July 5th, 2005**, the following Pacer Stacktrain lanes will be added to system:

Salt Lake City to:

- Long Beach - ICTF
- Oakland
- Portland - (Albina)
- Seattle

These lanes to the West Coast are in addition to those lanes already in effect (**) from the Salt Lake City ramp. All Domestic and International shipments will require a reservation in order to be allowed in the gate at the UPRR ramp.

Effective Monday June 27th, customers requesting in-gate reservations for **East Los Angeles, Salt Lake City** and **Stockton/Sacramento** must now specify one of the following as the destination point:

- Chicago Local (Global 1)
- Chicago Interchange to CSX (*All Northeast, Ohio Valley, & Eastern Canada destinations***)

**For a complete detailed listing of all of the lanes in the program, please refer to Appendix A of the In-Gate Reservations FAQs, found on the Services tab of our website: www.pacerstack.com

This is a change from previous instructions. Customers must now separate requests for Chicago Local (Global 1) traffic from requests for Chicago traffic bound for CSX Interchange destinations.

If you have any questions you may contact the Gate Reservations Team at:

- Toll Free 1-800-715-5046
- Or e-mail gaterез@pacerstack.com

We appreciate your business, and we hope you enjoy the Independence Day Holiday!
